PROGRAM

VI. MATHINÉ

Dear Friends,

On behalf of the Hungarian Society of Hypertension and the Hungarian Society of Nephrology, we warmly invite all young colleagues who are interested in the field of hypertension and nephrology to participate in the upcoming VI. MATHINÉ. Our goal remains to create the opportunity to present clinical experiences and research results, improve discussion skills and practice academic English. The purpose of MATHINÉ is to recognize and highlight young excellences, and to emphasize the importance and value of their work.

We wish you good preparation!

See you on the VI. Mathiné!
