

SZEGED 2009
1st - 4th JULY

GENERAL INFORMATION AND PRELIMINARY PROGRAM

Dear Colleagues,

We kindly invite you to Szeged to attend the 41st Meeting of the European Pancreatic Club in the beginning of July 2009.

Szeged is a beautiful and spectacular city in Hungary situated on the banks of the river Tisza which is home to around 170,000 people. It lies on Hungary's south-eastern border, just south of the mouth of the Maros River. Szeged is the main city of Csongrád county and serves as a commercial and cultural centre of the region. The climate is very pleasant and is well known for its sunny summers with temperatures ranging between 25-35 °C. Szeged gets an average of 2,000 hours of sunshine each year (that's 83.5 days of daylight), no wonder its often called the City of Sunshine. Local industry is reputed for food processing and production. Szeged is especially famous for its two most prominent agricultural products: the Pick brand salami and one of the most distinctive Hungarian spices: the paprika. The paprika gets its red color and divine flavor from an extended exposure to sunlight, which makes Szeged an ideal place to grow this spice. Textiles, oil and natural gas processing, and clothing production are also of importance to the region. Theaters, cinemas, clubs, riverside swimming pools and sport grounds provide plenty of opportunities for recreation. There are several large parks and a famous botanical garden to stroll through. Fine restaurants are situated all over Szeged offering various national and international cuisines including Greek, Chinese, Italian, German, Indian, Transylvanian and Arabic. Public transportation which is in the form of streetcars, trolleybuses and buses is so extensive that you can virtually reach every corner of the city.

Since the last EPC meeting in Hungary (1988), Hungarian researchers have further developed their interest in both pancreatic research and clinical pancreatology. Szeged is a centre of excellence in the field of pancreatic research, as well as being a spectacular town situated in a pleasant area which enjoys plenty of sunshine. Therefore, we feel it is an ideal place to hold a European Pancreatic Club Meeting. It goes without saying that local organizers intend to provide a friendly atmosphere by preparing a variety of cultural and relaxational programmes to accompany the congress itself.

We are certain that everyone will enjoy the 41st EPC 2009 Meeting to be held in Szeged.

on behalf of the organizing committee,

Peter Hegyi, *President of the EPC*

The History of the University of Szeged József Attila Study and Information Centre goes back to 1996, the beginning of the Hungarian Higher Education Reform Programme. While the initial ideas became plans, the experts taking part in the process of establishment, took both the national and international practice into consideration as well as the future needs made up about the higher education. The foundation-stone was layed in 2002 and it was declared open in 2004.

The Study and Information Centre provides both studying and recreation opportunities for teachers, students and visitors at the same time. The Library of the University, the Computer Room, different servicing units such as Student Union Offices, Career Office, University Café, University Book Shop, Souvenir Shop as well as the Congress Centre, set meeting every requirement of the arrivals as an aim.

OFFICIAL LANGUAGE

The official language of the congress is English.

HOW TO GET TO SZEGED?

BY AIR AND SHUTTLE TRANSFER

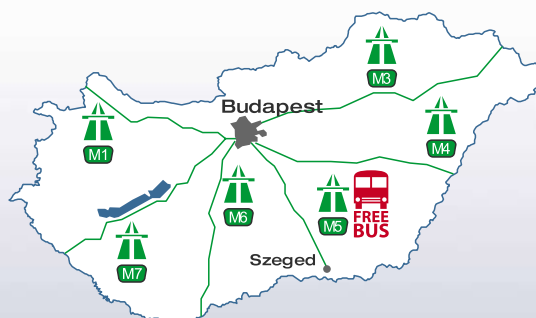

Probably the easiest and most convenient way to get to the conference is to fly to Budapest. The organizers offer you shuttle transportation service between Budapest Airport and Szeged.

Transfer fees:

30 th June, 0.00 – 1 st July, 13.00	FREE
1 st July, 13.00 – 3 rd July, 18.00	€ 40/each way
3 rd July, 18.00 – 5 th July, 18.00	FREE

You will have to provide your flight details in advance to book transportation with us. There will be a meeting point at the airport for EPC participants.

PLEASE NOTE: • **IF YOU DO NOT PROVIDE US YOUR FLIGHT INFORMATION IN ADVANCE AND SHOW UP AT THE AIRPORT WE CANNOT GUARANTEE YOUR TRANSFER.**

BY CAR

If you decide to come by car, take the M5 motorway from Budapest. Szeged is about 165 km south-east of the capital. You can reach the city within one and a half hours.

BY TRAIN

There is a regular train service (every hour) connecting Budapest and Szeged. The journey time is approximately two and a half hours. For details please visit: www.elvira.hu

GUIDELINES FOR ABSTRACT SUBMISSION

The Organizing Committee encourages you to contribute to the excellence of this Congress by sharing your results. Abstracts must be submitted electronically via our website www.epc2009.hu.

Deadline for abstract submission: 3rd April, 2009

PLEASE NOTE: • YOU MUST REGISTER YOUR DETAILS BEFORE SUBMITTING AN ABSTRACT !

- Only original work, not published as a full paper, can be submitted. However, scientific data published previously in abstract format may be submitted.
- The Congress Organizers accept abstracts online only. Abstracts sent by fax, CD/DVD or e-mail will not be accepted.
- The abstract needs to be structured in the following way: author's name, institution, title, introduction, objectives, materials/patients & methods, results and conclusion.
- You don't need to provide degrees and titles of authors.
- The abstract should be as informative as possible.
- Provide a title (in capital letters) that clearly states the nature of the investigation.
- Please avoid the use of abbreviations in the title of the abstract. Abbreviations may be used in the text if they are defined at first usage.
- Please check your abstract for any spelling, grammatical or scientific errors, as it will be reproduced exactly as submitted.
- **Abstract length should not exceed 250 words**, (excluding the title, authors, and institutions). The submission program will tell you how many words you have used and whether you are over the limit. Tables and graphics will not be accepted in the abstract. Type or paste the abstract into the provided space.
- You may review your abstract at any time until the deadline or until you submit it.

PLEASE NOTE: • AT NO TIME MAY THE CONGRESS STAFF MAKE ANY CHANGES TO ABSTRACTS.

- All accepted abstracts will be assigned to either an oral, oral poster or poster presentation at the discretion of the Organizing Committee after taking into consideration your presentation preference and the reviews of the Abstract Selection Committee. It is the policy of the Congress that abstracts must be submitted with the intention that, if selected, they will be presented.
Please do not submit an abstract if you do not intend to present it at the Congress.
- The presenting author will receive an e-mail by 24th April 2009 regarding the paper acceptance, schedule and presentation form (oral presentation, oral poster or poster). The program will also be posted at www.epc2009.hu
- The Congress Scientific Committee reserves the right to reject abstracts that do not meet the scientific criteria.
- The Abstract Selection Committee will review all submitted abstracts. The reviewing process is confidential and the decision is final.
- When submitting a paper, all authors agree that the paper abstract can be posted at the congress website, printed in the abstract book and/or saved on a CD Rom distributed to the participants.

GRANTS AND AWARDS

TRAVEL SCHOLARSHIP

The EPC awards a number of scholarships as a contribution towards the travel, registration and accommodation costs of:

- young participants (<35 years) OR
- basic scientists (no age limit) OR
- Eastern Europeans (no age limit)

The deadline for applications is 3rd April, 2009. Applicants will be advised of the outcome of their applications by 24th April, 2009.

The Role of Mitochondria in Signal Transduction.
- 20 min. Satellite Lecture 2 **OLE PETERSEN** (Liverpool, UK)
Bionergetics of Pancreatic Acinar Cells.
- 20 min. Satellite Lecture 3 **PETER THORN** (Birsbane, Australia)
Basic Mechanisms of Exocytosis in Pancreatic Acinar Cells.
- 20 min. Satellite Lecture 4 **ANTONY GALIONE** (Oxford, UK)
Involvement of NAADP Receptors in CCK-mediated Signalling in Pancreatic Acinar Cells.
- 15 min. Summary and Discussion Moderated by Session Chairs**

Coffee break

10.40-12.20 SATELLITE II. - PANCREATIC ACINI 2

- 20 min. Satellite Lecture 5 **JULIA GERASIMENKO** (Liverpool, UK)
Importance of Acid Ca²⁺ Pools for Initiation of Pancreatitis.
- 20 min. Satellite Lecture 6 **ANNA GUKOVSKAYA** (LA, USA)
Cell Death in Pancreatitis.
- 20 min. Satellite Lecture 7 **JULIA MAYERLE** (Greifswald, Germany)
Update in the Inflammatory Responses in Acute Pancreatitis.
- 20 min. Satellite Lecture 8 **LEENA ALHONEN** (Kuopio, Finland)
The Role of Polyamines in Pancreatitis.
- 15 min. Summary and Discussion Moderated by Session Chairs**

12.20-13.20 LUNCH

Afternoon sessions

13.20-14.40 SATELLITE III. - GENETIC BASIS OF PANCREATITIS

- 20 min. Satellite Lecture 9 **DAVID C. WHITCOMB** (Pittsburg, USA)
Pancreatitis genetics today and tomorrow.
- 20 min. Satellite Lecture 10 **HEIKO WITT** (Berlin, Germany)
Novel Genetic Risk Factors in Pancreatitis.
- 20 min. Satellite Lecture 11 **MILAN MACEK** (Prague, Czech Republic)
Role of CFTR Mutations and Variants in Pancreatitis.
- 20 min. Satellite Lecture 12 **G.R. CHANDAK** (Hyderabad, India)
Genetics of Tropical Pancreatitis in India.
- 15 min. Summary and Discussion Moderated by Session Chairs**

Coffee break

15.00-16.20 SATELLITE IV. - PANCREATIC DUCTS 1

- 20 min. Satellite Lecture 12 **BARRY ARGENT** (Newcastle, UK)
Physiology of Pancreatic Ductal Bicarbonate Secretion.
- 20 min. Satellite Lecture 13 **SHMUEL MUALLEM** (Texas, USA)
Coordination of the Secretory Mechanisms in Pancreatic Duct Cells.
- 20 min. Satellite Lecture 14 **HIROSHI ISHIGURO** (Nagoya, Japan)
Interaction between CFTR Cl Channel and SLC26 Anion Exchangers.
- 15 min. Summary and Discussion Moderated by Session Chairs**

Coffee break

16.40-18.00 SATELLITE V. - PANCREATIC DUCTS 2

- 20 min. Satellite Lecture 15 **MIN GOO LEE** (Seoul, Korea)
Cl-dependent HCO₃⁻ Transport by CFTR.
- 20 min. Satellite Lecture 16 **MIKE GRAY** (Newcastle, UK)
The Effect of Bile Acids on Ion Conductances in Pancreatic Duct Cells.
- 20 min. Satellite Lecture 17 **VIKTORIA VENGLOVECZ** (Szeged, Hungary)
The Role of Pancreatic Ducts in Acute Pancreatitis.
- 15 min. Summary and Discussion Moderated by Session Chairs**
